The book offers a unique perspective on the financial crisis as well as innovative ideas that will help create a sound economic future and will help readers understand what really has happened to our economy. Mr Brown has this to say: "We now live in a world of global trade, global financial flows, global movements of people and instant global communications. Our economies are connected as never before, and I believe that global economic problems require global solutions and global institutions. In writing my analysis of the financial crisis, I wanted to help explain how we got here, but more importantly to offer some recommendations as to how the next stage of globalisation can be managed so that the economy works for people and not the other way around".
