

Tests of Reinforced Concrete Beams: Series of 1905 (Classic Reprint) (Paperback)

By Arthur N Talbot

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Tests of Reinforced Concrete Beams: Series of 1905 This Bulletin is the fourth of a series of bulletins published by the Engineering Experiment Station of the University of Illinois. It is the purpose of the Station to carry on investigations along various lines of engineering, and to study problems of importance to professional engineers and to the manufacturing, railway, mining, constructional and industrial interests of the State. The control of the Engineering Experiment Station is vested in the heads of the several departments of the College of Engineering. These constitute the Station Staff, and with the Director, determine the character of the investigations to be undertaken. The work is carried on under the supervision of the Staff; sometimes by a Fellow as graduate work, sometimes by a member of the instructional force of the College of Engineering, but more frequently by an investigator belonging to the Station Corps. The results of these investigations will be published in the form of bulletins, and will record mostly the experiments of the Station's own staff of investigators....
