John Wiley and Sons Ltd. Hardback. Book Condition: new. BRAND NEW, Quantitative Equity Investing: Techniques and Strategies, Frank J. Fabozzi, Sergio M. Focardi, Petter N. Kolm, Mark J. P. Anson, A comprehensive look at the tools and techniques used in quantitative equity management Some books attempt to extend portfolio theory, but the real issue today relates to the practical implementation of the theory introduced by Harry Markowitz and others who followed. The purpose of this book is to close the implementation gap by presenting state-of-the art quantitative techniques and strategies for managing equity portfolios. Throughout these pages, Frank Fabozzi, Sergio Focardi, and Petter Kolm address the essential elements of this discipline, including financial model building, financial engineering, static and dynamic factor models, asset allocation, portfolio models, transaction costs, trading strategies, and much more. They also provide ample illustrations and thorough discussions of implementation issues facing those in the investment management business and include the necessary background material in probability, statistics, and econometrics to make the book self-contained.\* Written by a solid author team who has extensive financial experience in this area\* Presents state-of-the art quantitative strategies for managing equity portfolios\* Focuses on the implementation of quantitative equity asset management\* Outlines...
