

Elementary Calculus: A Text-Book for the Use of Students in General Science (Paperback)

Filesize: 7.11 MB

Reviews

Comprehensive manual for ebook fans. I am quite late in start reading this one, but better then never. Its been written in an exceptionally basic way and is particularly merely soon after i finished reading this publication in which really changed me, affect the way in my opinion.
(Prof. Antone Olson II)

Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.THE general sciences in colleges have a tendency to mathematics and many colleges now place an elementary knowledge of calculus among their entrance requirements. To meet this call, Professor Smith has written this Elementary Calculus. In the five chapters, he aims to present to the student a clear understanding of the fundamental principles of calculus and their application, yet he does not go into the many details which the higher mathematical student requires. The possibilities of application is everywhere emphasized and the examples have been chosen with this end in view. - Yale Sheffield Monthly, Volumes 7-8.
