Instead, by using the following three simple, yet brilliant, techniques that make it just an incredible learning tool, this book shows you how to create your own photography workflow using Lightroom: 1) Scott shares his own personal settings and studio-tested techniques. He trains thousands of Lightroom users at his 'Lightroom Live!' tour and knows first hand what really works and what doesn't. 2) The entire book is laid out in a real workflow order with everything step by step, so you can begin using Lightroom like a pro from the start. 3) What really sets this book apart are the last two chapters. 480 pp. Deutsch.
